attorney of Pettis county; J. L. Thornton, the Missouri Pacific. You'r "not in it," To the Young Men and Young Ladies of Lexington and Lafayette County. Having had many solicitations from young men and young ladies, and from parents in Lexington, and also in other towns in the county, to teach Double-Entry Book Keeping to another class this winter, I have concluded to do so, and will

open the school on Tuesday Night, October 13th, 1891. and continue until Friday night, March 5th, 1892, a period of twenty weeks, or five calendar months and continue until Friday night. March 5th, 1832, a period of twenty weeks, or live calendar months.

Three nights in the week will be given to the work, Tuesday, Thursday and Friday, from 7 o'clock to 10 o'clock p. m.

We will be prompt in opening and closing at the hours named. No school will be held during Caristmas week.

Instructions will be given in DOUBLE-ENTRY BOOK-KEEPING, all the forms of Notes, Drafts, Orcers, Bills, Receipts, Accounts, Bills of Exchange, Checks, Accounts Carrent, Bills of Sale, Negotiable Paper and Non-Negotiable Paper, and endorsements thereon. These will be illustrated on the blackboard; each one taken up separately and explained, until all the class will have an opportunity to understand fully everything relating thereto. They will then be required to make

the entries and write the forms on their books, as often as may be necessary for a full and intelligent comprehension of the matter under consideration. Each and all to be reviewed, and reviewed again, and illustrated, until all of the subjects become easy and familiar. Our leading lesson will be DOUBLE-ENTRY BOOK-KEEPING. week, argument was concluded and the jury retired Monday afternoon. Some of my former pupils said at the end of the term, "Mr

Winsor, I would not take a thousand dollars for what I have learned under your instruction. Many of my former pupils have received good, lucrative positions as book-keepers in Banks, Mercantile Houses, and Manufactories, which they would not have obtained had they not been well qualified as book-keepers. The youngest member of my first class went to College in Kansas afterwards, and there took the first medal in Double-Entry Book-Keeping, and is now in one of the largest Banks in Kansas City. Another is the head of a large Loan Office in Kansas City. Another head book-keeper of the McGrew Milling Company, Lexington. Another in a large Mercantile House in Nebraska. These and others all owe their success to their knowledge of Book-keeping obtained from my teaching. Qualify Yourselves, and You Can Get Good Positions, at the Highest Wages.

If you seek for good positions, QUALIFY YOURSELVES, and you will get them. GOOD POSITIONS ARE ALWAYS OPEN TO THOSE WHO ARE WELL QUALIFIED. Those not qualified are always seeking places and find none. They are not wanted. The business world now requires a higher order of capacity and qualification than formerly, and if you do not possess these, you will be left behind and godown with the crowd.

The large room in the third-story of the new store house, on Tenth Street, built by Mr. Gruber, has been fitted up for the class. It is lighted with gas, and well warmed with stoves, and furnished with tables, seats and blackboards, and attogether made very comfortable, nice and clean. Separate writing tables and seats for the ladies, several of whom have at-

Terms, to this class, for five months, are \$50. If payment is made before January 1, 1892, ten per cent, will be deducted. If not paid before that date, the full amount will be required. If anyone wants time for payment, a good note with interest, payable in 6 or 12 months, or longer, will be accepted. No one need stay away for want of money. You can make terms to suit you. I WISH TO AFFORD ALL NECESSARY FACILITIES TO THOSE WHO WANT TO AVAIL THEMSELVES of this opportunity to receive instruction in double-entry book-keeping. If any time is lost on my account, it will be made up before the end of the term. No deduction will be made for loss of time by pupils, except caused by protracted sickness. No pupil will be received for less time than the full term, as it will take that length of time, with close application, to bea good book-keeper. It would cost you \$250 to go from home to a Commercial College and learn as much as you will

in the 20 weeks with me. IT IS VERY IMPORTANT TO BEGIN WITH THE FIRST LESSON. The rudiments and general principles are taught first, Upon these the whole system is built. Therefore, be sure to come at the beginning—I cannot urge this point too strongly.

All necessary books have been made to order expressly for this class, at a cost of \$5 for a set of four books. Each pupil should bring a good inkstand, pens, penholder, pencils, rubber eraser, and ruler.

Please make application at office of E. WINSOR & SON, or by mail, DEFORE THE TIME OF OPENING THE SCHOOL, so, that we may be propared to accommodate all who come, as we expect a large class. Respectfully,

EDWARD WINSOR
